

Mentorship Program

This program was established to serve those counselors—high school and independent—who seek to quickly and effectively gain a high level of expertise in working with athletes. We want counselors to be able to engage our services under a variety of different plans, and to be able to then ask questions, request our advice, or seek our assistance on any issue relating to the counseling of college-bound student-athletes. They can request our help any time they need it in order to maintain a smooth-running and effective counseling practice. Topics may relate to issues such as the Initial Consultation, Eligibility Center problems, selection of target schools, communications with coaches, Unofficial Visits, etc.

Specific services available from us (Mentors) to you (Mentee) include, but are not limited to, telephone, email or in-person communications, research of specific questions and issues, drafting of documents such as Athletic Profiles or communications with coaches, evaluation of parent-prepared videos, review of strategies in dealing with college recruiters, and virtually any other challenges your athletes may face.

Mentorship programs are available to Counselor Mentees through a number of different plans. You choose the one that works best for you.

MONTHLY PLAN – One-Month, Two-Month, or Three-Month Plans

The procedure is simple. You (Mentee) enter into a Mentorship Agreement with us (Mentor). You can sign up for one, two or three months. A credit card is charged at the beginning of each monthly segment, which then allows you to utilize our services a designated number of hours per month with questions or whatever assistance you may need. You may also continue to use our services beyond the designated hours per month at the fee rate set forth for “additional time.”

Choose from the following monthly plan options:

ONE-MONTH PROGRAM

\$178/month

2 hours/month @ \$89/hour
(additional time = \$95/hour)

TWO-MONTH PROGRAM

\$316/month

4 hours/month @ \$79/hour
(additional time = \$90/hour)

THREE-MONTH PROGRAM

\$350/month

5 hours/month @ \$70/hour
(additional time = \$80/hour)

Monthly segment equals 30 days.

Unused time expires 90 days after the end of each monthly segment.

Travel fees may apply depending on location.

Date _____ Initials _____

Date _____ Initials _____

PAY-AS-YOU-GO PLAN – Mentee implements plan by establishing a Mentorship account with a non-refundable \$95.00 Initial Deposit (to be applied toward future services to be rendered). Thereafter, Mentee uses services as much or as little as needed. Mentoring Fees are billed at \$95.00 per hour.

Mentorship Program *(continued)*

COUNSELOR “GROUP PLAN” – Counselors who are affiliated as a group (either formally as “legal partners or associates” or informally as “friendly associates”) may jointly participate in any of our programs. One counselor shall be identified as the “designated cardholder” who will make their credit card available for charges incurred and will provide College Recruiting Group with written consent for other named counselors to be permitted to utilize mentorship services that will be charged against the designated card. Counselors in the Group will have sole responsibility for allocating and reimbursing to cardholder charges incurred by each of them. College Recruiting Group bears no responsibility or liability whatsoever for allocation or reimbursement of charges incurred.

CUSTOMIZED MVP PLAN – We have come to the realization that counselors have many different sets of circumstances. The one common thread, however, is that although many of them are established experts in providing academic advice to their students, the vast majority of them never had training or experience in helping student athletes! Yet, most all of them are confronted with students who are also “good” to “very good” to “outstanding” athletes . . . but they don’t know how to help them.

For those of you who fit in this description, we want to try to create a Mentorship relationship that will fit your specific needs. It may be a co-counseling arrangement, personalized training for specific athletes, a straight referral over to us with informal coordination of our counseling efforts, or whatever other arrangement may result in your student-athlete having a successful college recruiting experience. If the foregoing circumstances apply to you, please feel free to contact us at your earliest convenience. Our number is 949.306.3310. We are looking forward to talking with you.
